DAILY GAZETTE.

By the Royal Democracy of Wisconsin

to the People of the State.

The present unfortunate condition of our

country appeals to the American people,

asking from all a common devotion for the

preservation of liberty, and the vindication

of the national authority, assailed by a civil

war that has no parallel in history. Under

the most momentous circumstances that

have ever befallen any people, it is just

and proper that a loyal assemblage should

establish in their own vindication, and for

all future time, the deliberate convictions

of their political faith, and at the same time

recognize as the highest and most sacred

duty which can rest upon the patriotic citi-

zen, that of unflinchingly supporting the

federal government in its perilous struggle

for existence. This expression is also al-

lary as well as necessary. The powerful

political organization with which we have

acted has been brought into a position de-

structive of its usefulness, dishonorable

to its patriotism, and entirely inconsistent

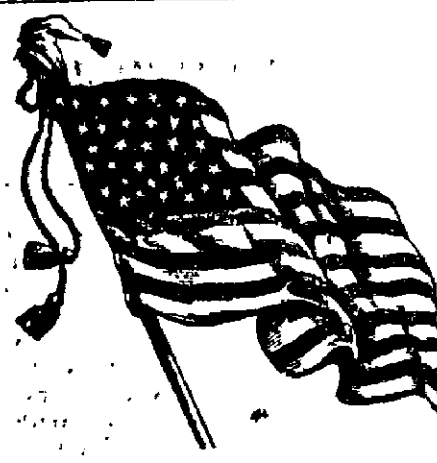

with its history and achievements. We

are, therefore, compelled to be unequivocal

in our explicit pointing out these instructions

upon the faith and honor of our country,

Forever free that standard sheet—  
Where breathes the foe but falls before us,  
With Freedom's soil beneath our feet,  
And Freedom's banner streaming o'er us!

The News.

The report of the shelling and burning of Charleston, from Fort Sumter, is probably untrue, but such intelligence would not be surprising at any time.

Nothing later from Rosecrans. A great battle is expected soon.

It is generally believed that Lee is largely reinforcing Bragg, and that the rebels in Virginia are falling back upon Richmond.

Meeting of the War Democracy.

The convention of the loyal democracy of the state was not largely attended as it would have been if the weather had been pleasant, but those who were present were representative men in their old party, whose labors and influence have heretofore been potent in the party. The spirit which animated the convention was one of earnest and unconditional loyalty to the government.

FIREMEN'S TOURNAMENT.

The prospects of this tournament are very encouraging. The following companies have announced their intention to attend and compete for the liberal prizes offered: Engine companies No. 1 of Madison, Nos. 1 and 2 of Beloit, No. 2 of Fond du Lac, No. 8 of Milwaukee, Hook and Ladder No. 2 of Milwaukee and No. 1 of Fond du Lac. Companies, we are informed, are also expected from Chicago, Monroe, Oshkosh, Racine and Watertown. The arrangements for the occasion will be such as to accommodate all who may attend, either as spectators or competitors.

A NEW ENTERPRISE.

Monday, Mr. Sanborn J. Bean, as the agent of an eastern manufacturing establishment, will open in Jackman & Smith's block a store devoted exclusively to the sale of hoop skirts. The extent of the manufacturing of these articles has become one of the most remarkable features of the business of the country. Thousands of persons are engaged in it and an amount of capital invested almost wonderful. The variety of styles, moreover, is a curiosity to the man portion of humanity. Mr. Bean has a stock which seems inexhaustible, and if all were spread to their full dimensions it would suggest the idea of the creation of another world to accommodate the wearers. If we did not desire to still occupy a small space on earth, we should wish he might sell them all. Gentlemen can have the privilege of looking at them, while the ladies will consult their tastes in the selection and use of them.

ANOTHER THRASHING MACHINE ACCIDENT.

Joseph McMichael, of Bradford, in this county, was seriously injured on the 15th inst., while at work near a thrashing machine. At the time of the accident he was oiling the cylinder box; the knuckle of tumbling rod caught the sleeve of his frock and wound him up close to the neck. He went around the rod three times, crushing his side, breaking four of his ribs, and tearing off all his clothes except his boots. He now lies in a critical condition, and it is doubtful whether he will recover. The frequency of accidents of this kind should warn all using these machines to greater caution than seems to be the practice among thrashers.

A letter from Provost Marshal General Fry states that the excess of Illinois

over previous requirements is 44,841 men, which gives her a surplus over her present quota of 8,161. There will, consequently, be no draft in the state under the present call.

It is stated that Peter Page will be appointed to the U. S. assessorship at Chicago, vacated by the resignation of Philip Wadsworth.

In 329 towns of Maine, the republican candidate for governor receives 18,478 majority.

Frost.—There was a heavy frost in this vicinity, last night, killing all vegetables.

Last Night's Report.

HEADQUARTERS IN THE FIELD,  
BIG CHATTAHOOGA, Sept. 14.

All quiet. No attack has been made. The enemy remains in possession of the gaps of Pigeon Mountain, and about Lafayette the lines are very close. There is occasional skirmishing. Captain Drury, chief of artillery of Vanclive's staff, was shot in the bowels by a sharpshooter. The wound is dangerous.

It is reported that Longstreet has arrived at Resaca with 20,000 men. Our army is in splendid health and spirits.

HEADQUARTERS IN THE FIELD,  
10 MILES NORTHWEST OF LAFAYETTE, Ga.,  
September 15.

On evacuating Chattanooga, the enemy retired to Lafayette and massed a force at that place, taking possession of the gaps at Pigeon Mountain, directly in front of Thomas' column. The rebel force has been made formidable by new additions from Johnston, Buckner, Hindman and Maury. Deserter reports the enemy now superior in numbers to the army they had at Murfreesboro. Among his divisions are Cheatham's, Ely's, Cleburne's, Stewart's, Buckner's, Breckinridge's, Hindman's, Slaughter's, and detached brigades of Jackson's and Anderson's—in all, 38 brigades of infantry—not less than 65,000.

The formidable numbers and position of the enemy compelled Rosecrans to concentrate his forces, necessarily much scattered in crossing Lookout Mountains.

The two lines of the opposing army may now be represented by a crescent at Pigeon Mountain, which extends as the arc of a circle around Lafayette, the rebels holding the interior and we the exterior of the mountain. The two forces are within a few miles of each other, but effectually separated by the range of mountains. The rebel position can only be approached by three gaps—Cattletts, Wing, and Blue Bird—which are strongly guarded. The rebel position covers extremely long lines for retreat on to Rome or Dalton where they will probably make a new line should they be defeated here. There are rumors that they have been retreating for a day or two, but this is considered unreliable.

Gen. Rosecrans left Chattanooga on Sunday, and is now engaged in making dispositions to suit the new situation. He has been ill, but is in fine spirits.

In the fight with Negley, the rebels lost over thirty killed. Our loss is seven killed and thirty-five wounded.

MADISON, Wis., Sept. 18.

Special to Chicago Tribune.—Lieut. Col. J. Wilson, medical inspector of the United States army, has been in this city for several days, for the purpose of selecting a suitable building for a hospital for such wounded men as can be transported from the army. He has visited the water cure, and also Ex-Governor Farwell's former residence, on the bank of Third Lake. He seems favorably impressed with the Farwell house. He leaves for Washington this evening, and will recommend that the department adopt that building.

CAIRO, Sept. 17.

Gen. Hurlbut has issued an order, dated Memphis, 10th. Commanders, whose jurisdiction extends over any post in Tennessee and Kentucky, within our lines, will cause reports to be made for all violence done to Union men, the complaint to establish his loyalty, his loss, and as nearly as possible the persons by whom the wrong was committed. Upon satisfactory proof the officer is to levy assessment upon most wealthy and notorious sympathizers with the rebellion, adding fifty per cent. to the amount of damage proved, and collect the same at short notice, by military penalties, paying the amount of damage to the claimant, holding the surplus as a fund for Union refugees.

General Grant issued orders, dated Vicksburg, August 23d, that negroes are not to be allowed in or about the camps of white troops, except such as are enrolled and employed, or may be employed in the quartermaster's, subsistence or medical departments, as hospital nurses and laundresses, in the engineer corps and pioneers. As far as practicable, such as have been rejected as recruits by the surgeon will be employed about the hospitals and engineer corps, in regiments and companies, one cook to fifteen men, and one teamster to each wagon.

The provost marshals will keep them from straggling, and put them in established camps. Recruiting for negro regiments in negro camps is prohibited, except by a special order.

MILWAUKEE, Sept. 18.

Special to the Tribune.—Gen. McClellan spoke in the Academy of Music this evening, to one of the largest and most enthusiastic assemblages ever seen in this place.

His speech throughout was a masterly one, thoroughly exposing the evil working of the copperhead, or so-called democratic party, as distinguished from the true and loyal democracy of the country. It was one of the general's happiest efforts, and was keenly appreciated by the vast audience.

To-Day's Report.

MORNING DISPATCHES.

New York, Sept. 19.

The World's New Orleans correspondent, writing under date of the 11th, gives some account of a movement, probably on Texas, in three columns under General Franklin, Washburn and Herron. The gunboat Clinton, while passing through Sabine Pass, was exposed to a raking fire which reduced her to a total wreck, killing and wounding all on board. The gunboat Sachem, which was in company with the Clinton, was captured.

Tribune's special.—In a private letter received to-day, our consul at Liverpool says, one of the Anglo rebel rams is ready for sea, and expresses the decided opinion that the British government will take no steps to prevent her from sailing. There are those who consider Mr. Dudley's views regarding the probable course of Great Britain as more entitled to credit than the opinion which Mr. Adams has frequently reiterated, and who apprehended open war as the immediate result of the secret hostilities to this country, practiced by England.

An inmate of Libby prison, writes on the 8th of August that 600 of our officers and soldiers are quartered there, and they are as well and comfortable as could be expected, under circumstances.

Letters from officers in Gen. Rosecrans' army more than confirm all that has been printed concerning the numerous defections from which the rebel armies in front of the army of the Cumberland are suffering.

During the march to Chattanooga, not far from 100,000 of these refugees from the rebel service came within our lines.

The lower Potomac is thoroughly cleared of rebels. From thirty to forty mounted men were seen opposite Maryland point, yesterday, and there is information leading to the belief of the capture of the Sattelle and Belleau, in Cone river, with boats awaiting to capture the guard boat at Point.

The News.

The report of the shelling and burning of Charleston, from Fort Sumter, is probably untrue, but such intelligence would not be surprising at any time.

Nothing later from Rosecrans. A great battle is expected soon.

It is generally believed that Lee is largely re-inforcing Bragg, and that the rebels in Virginia are falling back upon Richmond.

Meeting of the War Democracy.

The convention of the loyal democracy of the state was not as largely attended as it would have been if the weather had been pleasant, but those who were present were representative men in their old party, whose labors and influence have heretofore been potent in the party. The spirit which animated the convention was one of earnest and unconditional loyalty to the government. With the exception of the declaration of Mr. Arnold, the president of the convention, that the rebellion was equally the effect of the guilty fanaticism of the north and the disunionists of the south, and the practical application of the abolition doctrine of state rights in Wisconsin, we heard nothing we care to dispute about, while the general tone of the speeches, resolutions and address we heartily approve. The abolition of slavery is not now, nor never has been, the object of the war; its object has been, and is, the vindication of the laws, the restoration of the Union, and the preservation of the government. It is true that hundreds of thousands of loyal men regard slavery as the cause of the war, and desire its extinction as a result of the conflict. It matters little to them whether others co-operate in its prosecution and sustain the government in its measures, with the same desire as to slavery itself by themselves, or with a willingness to see that event accomplished. The end is reached in either case, and the benefits expected from its accomplishment are the same, let the motive for action be what it may. So long as slavery is as of little consequence now or what moves the machinery, as an incident of the war, its doom is sealed, and the minor questions which have divided the people as to the nature or expediency of the institution can be well left to take care of themselves. The speakers generally acknowledged the impossibility or inexpediency of a compromise with slavery, and this is a growing sentiment among loyal men. We believe that no permanent peace, such a peace as is desirable for anybody, can be made until the cause of the war is removed, and that not only the interests of the free states require the extinction of slavery, but the necessities of the Union men of the south imperiously demand it. With them it is peculiarly a question of self-existence. They cannot live in the state of their adoption or nativity with slavery restored to power or preserved by the law. They have risked too much to be left to the mercy of an exasperated, and triumphant slaveholding interest. We hail, therefore, as an auspicious omen, the declarations of a willingness to see slavery extinguished by such men as Gen. McClelland, Jonathan E. Arnold, Judges Hubbard and McArthur, and M. H. Carpenter, when speaking for themselves and their associates.

A marked feature in this convention was the intellectual ability and political position of those participating in it. We have never attended a convention where all the proceedings were so marked with strength of thought and resoluteness of purpose. As one of our citizens, who generally expresses himself with more force than elegance, remarked, there was not "a muller" speaker, or "a muller" proceeding in it. Its influence cannot be otherwise than beneficial and powerful throughout the state. The attempt of the copperhead faction to ridicule it will fail, and an assumed contempt for it is only evidence of a real fear. This convention is only a part of a general movement taking place throughout the

north, which must result in a separation of the loyal from the copperhead portion of the democratic party, and the establishment of a dividing line between them. The men participating in this convention are determined to restore their party to a position of loyalty, or relieve themselves from the personal infamy which would attach to a continuance with a disloyal organization. A similar convention has been held in Indiana; a call for one on the 1st of October is made in Illinois; in Iowa and Minnesota the process of disintegration has taken place, and everywhere the disruption of the old party is going on. Time will surely work out the salvation of the republic.

Soldiers Aid Society.

There will be a meeting of the aid society at their rooms in Jackson's block, on Monday, the 21st inst., at three o'clock p. m., to make the necessary arrangements for furnishing refreshments on the 24th at the Firemen's Tournament. It is hoped that all our citizens who have an interest in the welfare of our noble boys, (and who has not?) will consider it a duty to assist on this occasion. Those who can't attend at the meeting on Monday, will confer a favor if they will notify us, at that time, of the kind and quantity of articles they will furnish. Let us many, however, as possible, call, attend, for there will be some work to be done and the more there are to do it the better it will be. We hope it will not be forgotten that this is for the benefit of our sick and wounded soldiers, and that all are alike interested. Such persons as can't bring their contributions to the fair ground will please to leave them at Mr. J. T. Wright's on the west side, or S. H. Culver's on the east side.

By Order of the Society.

To THE LADIES.—The ladies of Janesville (especially the young ladies) who are willing to assist in preparing articles for the fair to be held at Chicago for the benefit of our soldiers, are requested to meet at the rooms of the Ladies Aid Society on Monday, the 21st inst., at three o'clock p. m.

Miss MARIA CLARK,  
Miss JULIA NEWELL,  
Mrs. — SEABER,  
Mrs. J. R. BEALE.

Minneapolis, Rock County, Sept. 10, 1863.

Editors Gazette:—Permit me through the medium of your paper, on behalf of my mother and sisters, as also for myself, to extend our sincere and heartfelt thanks to our numerous friends in Rock County for the kindly assistance and consolation afforded to us on the occasion of the sudden death of our late and lamented parent; when all were so anxious to afford the necessary comfort on this trying occasion it would be invidious to particularize. For myself I desire to thus formally acknowledge these kindnesses for the further reason that circumstances beyond my control, precluded the possibility of my being present to attend the last sad rites over him whose loss we so deeply deplore.

Truly yours,  
JAMES FRASER.

FIREMEN'S TOURNAMENT.—The prospects of this tournament are very encouraging. The following companies have announced their intention to attend and compete for the liberal prizes offered: Engine companies No. 1 of Madison, Nos. 1 and 2 of Beloit, No. 2 of Fond du Lac, No. 8 of Milwaukee. Hook and Ladder No. 2 of Milwaukee and No. 1 of Fond du Lac. Companies, we are informed, are also expected from Chicago, Monroe, Oshkosh, Racine and Watertown. The arrangements for the occasion will be such as to accommodate all who may attend, either as spectators or competitors.

A NEW ENTERPRISE.—Monday, Mr. Sanborn J. Bean, as the agent of an eastern manufacturing establishment, will open in Jackson & Smith's block a store devoted exclusively to the sale of hoop skirts. The extent of the manufacturing of these articles has become one of the most remarkable features of the business of the country. Thousands of persons are engaged in it and an amount of capital invested almost wonderful. The variety of styles, moreover, is a curiosity to the man portion of humanity. Mr. Bean has a stock which seems inexhaustible, and if all were spread to their full dimensions it would suggest the idea of the creation of another world to accommodate the wearers. If we did not desire to still occupy a small space on earth, we should wish he might sell them all. Gentlemen can have the privilege of looking at them, while the ladies will consult their tastes in the selection and use of them.

ANOTHER THRASHING MACHINE ACCIDENT.—Joseph McMichael, of Bradford, in this county, was seriously injured on the 15th inst., while at work near a thrashing machine. At the time of the accident he was oiling the cylinder box; the knuckle of tumbling rod caught the sleeve of his frock and wound him up close to the rod. He went around the rod three times, crushing his side, breaking four of his ribs, and tearing off all his clothes except his boots. He now lies in a critical condition, and it is doubtful whether he will recover. The frequency of accidents of this kind should warn all using these machines to greater caution than seems to be the practice among thrashers.

A letter from Provost Marshal General Fry states that the excess of Illinois over previous requirements is 44,841 men, which gives her a surplus over her present quota of 8,151. There will, consequently, be no draft in the state under the present call.

It is stated that Peter Page will be appointed to the U. S. assessorship at Chicago, vacated by the resignation of Philip Wadsworth.

In 329 towns of Maine, the republican majority for governor receives 18,478 majority.

Frost.—There was a heavy frost in this vicinity, last night, killing all vegetables left by the previous frost.

BY TELEGRAPH.

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE.

Office in Union Passenger Depot.

Last Night's Report.

HEADQUARTERS IN THE FIELD, CHATTANOOGA, Sept. 10.

All quiet. No attack has been made. The enemy remains in possession of the gaps of Pigeon Mountain, and about Lafayette the lines are very close. There is occasional skirmishing. Captain Drury, chief of artillery of Vandev's staff, was shot in the bowels by a sharpshooter. The wound is dangerous. Longstreet has arrived at Reasaca with 20,000 men.

Our army is in splendid health and spirits.

HEADQUARTERS IN THE FIELD, 10 Miles North of Lafayette, Ga., Sept. 10.

On evacuating Chattanooga, the enemy retired to Lafayette and massed a force at that place, taking possession of the gaps at Pigeon Mountain, directly in front of Thomas' column. The rebel force has been made formidable by new additions from Johnston, Buckner, Hindman and Maury. Deserters report the enemy now superior in numbers to the army they had at Murfreesboro. Among his divisions are Cheatham's, Ely's, Cleyburn's, Stewart's, Buckner's, Breckinridge's, Hindman's, Slaughter's, and detached brigades of Jackson's and Anderson's—in all, 38 brigades of infantry—not less than 65,000.

The formidable numbers and position of the enemy compelled Rosecrans to concentrate his forces, necessarily much scattered in crossing Lookout Mountain.

The two lines of the opposing army may now be represented by a crescent at Pigeon Mountain, which extend as the arc of a circle around Lafayette, the rebels holding the interior and we the exterior of the mountain. The two forces are within a few miles of each other, but effectually separated by the range of mountains. The rebel position can only be approached by three gaps—Cattlet's, Wing, and Blue Bird—which are strongly guarded. The rebel position covers excellent lines for retreat on Rome and Dalton, where they will probably make a new line, should they be defeated here. There are rumors that they have been retreating for a day or two, but this is considered unreliable.

Gen. Rosecrans left Chattanooga on Sunday, and is now engaged in making dispositions to suit the new situation. He has been ill, but is in fine spirits.

In the fight with Negley, the rebels lost over thirty killed. Our loss is seven killed and thirty-five wounded.

Madison, Wis., Sept. 10.

Special to Chicago Tribune.—Lieut. Col. J. Wilson, medical inspector of the United States army, has been in this city for several days, for the purpose of selecting a suitable building for a hospital for such wounded men as can be transported from the army. He has visited the water cure, and also Ex-Governor Farwell's former residence, on the bank of Third Lake. He seems favorably impressed with the Farwell house. He leaves for Washington this evening, and will recommend that the department adopt that building.

CAIRO, Sept. 17.

Gen. Harburt has issued an order, dated Memphis, 10th. Commanders, whose jurisdiction extends over any post in Tennessee and Kentucky, within our lines, will cause reports to be made for all violence done to Union men, the complaint to establish his loyalty, his loss, and as nearly as possible the persons by whom the wrong was committed. Upon satisfactory proof, the officer is to levy assessment upon most wealthy and notorious sympathizers with the rebellion, adding fifty per cent. to the amount of damage proved, and collect the same at short notice, by military penalties, paying the amount of damage to the claimant, holding the surplus as a fund for Union refugees.

General Grant issued orders, dated Vicksburg, August 23d, that negroes are not to be allowed in or about the camps of white troops, except such as are enrolled and employed, or may be employed in the quartermasters', subsistence or medical departments, as hospital nurses and laundresses. As far as practicable, such as have been rejected as recruits by the surgeon will be employed about the hospitals and engineer corps, in regiments and one teamster to each wagon. The post marshals will keep them from straggling, and put them in established camps. Recruiting for negro regiments in negro camps is prohibited, except by a special order.

MILWAUKEE, Sept. 10.

Special to the Tribune.—Gen. McClelland spoke in the Academy of Music this evening, to one of the largest and most enthusiastic assemblages ever seen in this place.

His speech throughout was a masterly one, thoroughly exposing the evil working of the copperhead, or so-called democratic party, as distinguished from the true and loyal democracy of the country. It was one of the general's happiest efforts, and was keenly appreciated by the vast audience.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DISPATCHES.

NEW YORK, Sept. 10.

The World's New Orleans correspondent, writing under date of the 11th, gives some account of a movement, probably on Texas, in three columns under General Franks, Washburn and Herron. The gambut Clifton, while passing through Sabine Pass, was exposed to a raking fire which reduced her to a total wreck, killing and wounding all on board. The gambut Sachem, which was in company with the Clifton, was captured.

Tribune's special.—In a private letter received to-day, our consul at Liverpool says, one of the Anglo rebel rams is ready for sea, and expresses the decided opinion that the British government will take no steps to prevent her from sailing. There are those who consider Mr. Dudley's views regarding the probable course of Great Britain as more entitled to credit than the opinion which Mr. Adams has frequently reiterated, and who apprehended open war as the immediate result of the secret hostilities to this country, practiced by England.

An inmate of Libby prison, writes on the 8th of August that 600 of our officers and soldiers are quartered there, and they are as well and comfortable as could be expected, under circumstances.

Letters from officers in Gen. Rosecrans' army more than confirm all that has been printed concerning the numerous desertions from which the rebel armies in front of the army of the Cumberland are suffering. During the march to Chattanooga, not far from 3,000 of these refugees from the rebel service came within our lines.

The lower Potomac is thoroughly cleared of rebels. From thirty to forty mounted men were seen opposite Maryland point, yesterday, and there is information leading to the belief of the capture of the Sattelite and Reliance, in Cone river, with boats awaiting to capture the guard boat at Point.

New York, Sept. 10.

A Newburn letter of the 15th to the Herald says: Intelligence from the front an-

nounces the arrival of a large force of the enemy at Kingston, consisting of cavalry, infantry and artillery. The main body consists of cavalry, which is reported to be in the vicinity of Little Washington, about a mile and a half from town, and is a substantial and influential citizen, of accession proclivities. He seems to be in no way in his opinions, and is not inclined to let any opportunity slip to show his hatred of the Union. He is reported to have passed our lines, and denounced Union citizens in Kingston, causing their arrest and committed other acts in detriment of the interests of the government of the United States. On his arrest, Stanley said he had done nothing but what he believed to be his duty, and would do it again. He is now in Washington jail.

A Fortress Monroe letter to the Herald of the 17th, states: Yesterday, four men in the uniform of rebel soldiers arrived at the fortress from Newport News. They proved to be four of our own men who had thus disguised themselves to favor their escape. They were captured on the 8th of July last, in the first terrific charge of our troops on Fort Wagner. They state that for some time past four or five trains per day have been running troops through Richmond south. The day they took their departure the city was illuminated with camp fires and crowded with troops, all doubtless being hurried toward Charleston. The fortifications of Petersburg, they state, were not so formidable. They passed three of these but were not interfered with.

The same letter states that rumors here are of the most exciting kind. It is stated that Lee is deserting the whole state of Virginia to join Bragg at Charleston, it is reported, he was shelled for three days, and completely destroyed. This is said to be communicated by parties direct from Atlanta, Ga.

AFTERNOON DISPATCHES.

NEW YORK, Sept. 10.

The steamer McClelland, from Morris Island, morning of the 16th, has arrived. Gilmore was mounting heavy guns on Cummings' Point to shell Charleston. The rebel fire from James Island continues, but is not effective. Sumter is still held by the rebels.

WASHINGTON, Sept. 10.

During the storm, yesterday, a long other damage done on the Lower Potomac, two schooners were captured and the railroad destroyed. Streams swollen and the railroad bridge at Laurel was carried away.

NEW YORK, Sept. 10.

Cotton steady. Flour active, 5410c better. Wheat receipts 114,407 bushels. Market active, 2c better, 95c 10c Chicago spring; 1.03d, 20 Milwaukee club. Corn active and 2c better. Oats 1c lower, 64c 71c western. Pork quiet. Beef dull. Lard steady. Stocks better, active but closed easier. Gold 34.

It is reported that Napoleon has proposed the substitution of penance for slavery in the South, believing that such a procedure would obviate the objections of England to recognition by France.

Parties from Richmond assert that Gen. Lee has gone south, and there are rumors that he has taken command of Bragg's army.

A refugee from Charleston states that the main obstruction to the harbor is an immense network of ropes.

TWO KINDS OF DEMOCRATS.—The following is an extract from a speech of Ex-Gov. Wright of Indiana. It clearly shows the difference between true democrats and copperheads:

"The assertion has been made that none but the democratic party could save the country. But what class of democrats do you mean to save the country? Thomas Jefferson was a genuine democrat. [Applause.] He had a vice-president of the name of Aaron Burr. Mr. Burr was inside of the democratic organization. [Laughter.] Were they not both democrats? Coming from Jefferson to Jackson, we find Stephen A. Douglas; and was he not a representative of the old Jefferson-Jackson democracy? At that time the country had a vice-president in the person of John C. Breckinridge, who was a democrat too. Then we have Jefferson and Burr, Jackson and Calhoun, and Douglas and Breckinridge, all inside of the democratic ring. [Laughter.] Do you follow Jefferson, Jackson, and Douglas, or Burr, Calhoun, and Breckinridge? Do you follow these last? [Cries of "no, no."] When you hear a man saying that the only party that can save the country is the democratic party be sure and ascertain what he means by the democracy, whether it is genuine or bogus. There can be no such thing as a true democrat who does not stand up for the war."

"PROCLAIM LIBERTY THROUGHOUT ALL THE LAND, TO ALL THE INHABITANTS THEREOF."—I lay this down as the law of nations. I say that military authority takes, for the time, the place of all municipal institutions, and SLAVERY AND THE ARMY, and that, under that state of things, so far from its being true that the states where slavery exists have the exclusive management of the subject, not only the PRESIDENT of the UNITED STATES, but the COMMANDER OF THE ARMY, HAS POWER TO ORDER THE UNIVERSAL EMANCIPATION OF THE SLAVES.

From the instant that the slaveholding states become the theatre of war, civil, servile, or foreign, from that instant the war powers of congress extend to interference with the institution of slavery, in every way in which it CAN BE INTERFERED WITH, from a claim of indemnity for slaves taken or destroyed, to the cessation of the states, burdened with slavery to a foreign power. \* \* \* It is a war power; I say it is a war power; and when your country is actually in war, whether it be a war of invasion or a war of insurrection, congress has the power to carry on the war, and MUST CARRY IT OUT, ACCORDING TO THE LAWS OF WAR; and by the laws of war an invaded country has all its laws and municipal institutions swept by the board, and MARITAL POWERS are in the place of them. When the hostile armies are set in martial array, the commanders of both armies have power to emancipate all the slaves in the invaded territory.—J. Q. Adams.

**GREAT REDUCTION**  
**The Prices**  
**SINGER & CO.'S**  
**STANDARD MACHINES**  
Well known to be the best  
**Manufacturing Purposes:**  
No. 1, Standard Shuttle Machine, formerly  
sold at \$90,  
**Reduced to \$70.**  
No. 2, Standard Shuttle Machine, formerly  
sold at \$100,  
**Reduced to \$70.**

**Singer's Letter A Machine.**  
This is the best machine in the world for Family Sewing  
and Light Manufacturing purposes. It is  
Hemmer, and beautifully ornamental.  
**FIFTY DOLLARS.**  
The No. 1 and No. 2 machines are of great capacity and  
application for manufacturing purposes.  
Our No. 3 machine is especially adapted to all  
kinds of light and heavy work.

**LEATHER WORK.**  
In Carriage Trimming, Boot and Shoe Making, Har-  
ness Making, etc., etc. They are of extra size, with an  
arm long enough to take under the heel, and the large  
open end of the machine is so arranged that it can be  
used for stitching that cannot be better done by  
hand; so, the saving of time and labor is  
very great. The machine will hold six times the usual  
quantity of thread. This large machine works as  
small ones.  
We would ask for Letter A machines, the special  
attention of Vest Makers and Dress Makers, and all  
others who want machines for light manufacturing pur-  
poses. The quality of the work done by the standard  
machines, making like those, the interior work, and  
are designed to be as satisfactory for the standard  
machines as for the manufacturing purposes.

**GENUINE ARTICLES.**  
In case of any purchases, the money may be sent in  
the form of bank notes or checks, and we will  
guarantee the quality of the goods at the lowest  
prices. It is all important that we should in each  
case know the post office, county and state.  
All persons requiring information, and the  
best methods of purchasing, can obtain it by sending  
us, or any of our Branch Offices for a copy of our  
Circular.

**I. M. SINGER & CO.'S GAZETTE.**  
which is a beautifully illustrated Pictorial Paper, it  
will be sent gratis.  
We have made the above Reduction in Prices with  
the two-fold view of enabling the public to purchase  
the public have been rewarded by superior machines  
and in addition of the fact that the quality of the  
work done by the standard machines, making like  
those, the interior work, and are designed to be as  
satisfactory for the standard machines as for the  
manufacturing purposes.
